

2020 Task Order Awards FY12

Category	Description	Start Date
Research and Mission Analysis	Far-Term Mission Uncertainty Reduction Support	7/12/2012
Systems Engineering	Air Traffic Control/Technical Operations Human Factors Program Support	7/12/2012
Systems Engineering	NextGen Benefits Modeling Support	7/11/2012
Research and Mission Analysis	Data Communications Tower Conceptual Trials Demonstration Development and Support	6/6/2012
Systems Engineering	Human Factors in Standards for Technical Publication Used in Technical Operations	5/31/2012
Research and Mission Analysis	Understanding Convective Weather Forecast Uncertainty Needs of ATM	5/14/2012
Research and Mission Analysis	Surface Trajectory-Based Operations Concept Engineering and Evaluation	5/11/2012
Research and Mission Analysis	Third Party Performance Based Navigation (PBN) Procedure Development	5/10/2012
Systems Engineering	NAS Lifecycle Integration Transition Program Management Support	4/30/2012
Research and Mission Analysis	NAS-wide Modeling and Simulation Capability Enhancement and Future Schedule Enhancement	4/26/2012
Systems Engineering	Human Factors Standard: Abbreviations and Acronyms for the Technical Operations Environment	4/23/2012
Systems Engineering	Research, Development and Human Factors Laboratory Support Task - R&D (RDHFL-R&D)	4/18/2012
Systems Engineering	Systems Engineering and Enterprise Architecture (SE/EA) Training and Support	4/17/2012
Systems Engineering	Enterprise Information Systems Security Project	4/10/2012
Research and Mission Analysis	3D PAM Post Tech Transfer Gap Studies	3/28/2012
Systems Engineering	Automated Contingency Tool (ACT2) Support	3/27/2012
Research and Mission Analysis	Surface Collaborative Decision Making (CDM) ConOps Concept Engineering	3/20/2012
Systems Engineering	ABP- 120/AFC-400 Business Planning, Budget & Performance, Performance & Cost Analysis & Integration Support	3/9/2012
Systems Engineering	Data Management of ATO Future Schedules	3/6/2012
Systems Engineering	Collaborative Air Traffic Management Tools (CATMT) - Technical Assistance	2/29/2012
Systems Engineering	Economic and Financial Support for Future Flight	2/9/2012

2020 Task Order Awards FY12

Category	Description	Start Date
	Service Program (FFSP)	
Systems Engineering	NAS Lifecycle Planning Support Contract	2/3/2012
Systems Engineering	Oceanic Tactical Trajectory Management/International Air Traffic Interoperability Initiative Support	2/1/2012
Research and Mission Analysis	NextGen Precursor Safety Analysis	12/27/2011
Research and Mission Analysis	System Wide Analysis Capability (SWAC) Development	12/27/2011
Systems Engineering	NextGen Solution Set Technology Demonstration Support	12/23/2011
Systems Engineering	Analysis, System Engineering and Operations Research (ASEOR III)	12/20/2011
Systems Engineering	NextGen Facilities Program Management and Requirements Support	12/2/2011
Systems Engineering	Aviation Weather Research Program Research Management Planning	12/2/2011
Systems Engineering	Weather Impact Traffic Index Analysis	12/1/2011
Systems Engineering	Airborne Labs Initial Investment Analysis	11/30/2011
Research and Mission Analysis	ADSIM+ Modeling and Development	11/22/2011
Systems Engineering	Advanced Resource Management Web Development and Support	11/5/2011
Systems Engineering	NAS Requirements and Interface Management Core Work	10/31/2011
Research and Mission Analysis	Controller Managed Spacing (CMS) Concept Engineering and Prototype Development	10/28/2011
Systems Engineering	AVS Acquisition Program Management Office Support	10/24/2011
Systems Engineering	AJP-661 Simulation and Analysis Support	10/1/2011
